LOCATION

The existing round covered the Gravesend area up to and around the Dartford and Bexley areas.

BUSINESS

Wheelie Bin cleaning business with an established round serving both commercial and mainly residential customers paying in cash or monthly on direct debit for their bins to be cleaned, leaving them sterilized and odour free.

Regular customer pricing is based on a commitment to have a monthly clean. Pricing was competitive when established 3 years ago has not increased since. Charges are currently:

One off clean at £10 per bin, or a monthly service costing £5 for 1 bin, £8 for 2 bins, £10 for 3 bins and £12 for 4 bins. Most customers pay cash with the remainder doing a bank transfer after the clean, with some setting up a regular direct debit.

The business has not traded for a couple of months due to staffing issues, but the vendors will help with training and re-establishing the round with their documented customer listings.

Alternatively the vendors would be open to offers for the van only if someone wanted to set up in a different trading area.

TURNOVER

We are informed that the business was taking in the region of £75,000 - £95,000 pa with very low expenses.

EQUIPMENT

The business operates from a 2019 Ford Transit van which cost £15,000 in 2023 at which time it had a further £15,500 spent on it for its custom bin washing system.

OBSERVATIONS

Great potential to earn high profits with no fixed rental costs or other outgoings. The vendors will show the purchasers the round and introduce them to the existing customer base.
